

## 2 QUALITY POLICY

The achievement of the appropriate quality is our primary target, that's the reason why Managing Director takes on the responsibility to implement and maintain a quality assurance system, which ensures the quality of the services provided by **DEPOSITOS COBALLES, S. L.** The quality of these services ensures the continuity and development of the company.

The achievement of these objectives involves the acquisition of the following commitments:

**DEPOSITOS COBALLES, S. L.** will ensure that the quality policy is notified to all areas of the company, and that such policy is understood, implemented and updated, complying with the requirements established in **ISO 9001: 2008**.

The quality policy shall be applied in all the activities of the company. This policy involves the entire staff, from the managing director, analysts and assistants, who endeavor to assume an attitude of constant effort to improve.

Our main activity is design and manufacture of stainless steel tanks and vessels.

In order to maintain and develop all the foregoing, the company will provide enough resources, ensuring that all staff of the company accept and implement the guidelines, procedures and instructions of quality manual..

The company undertakes to ensure that its activities will be carried out on the basis of the criteria to ensure impartiality, independence and integrity for all services provided.

Taking forwards points explained above the company ensures the commitment to comply with the requirements of the client the legal and regulatory requirements applicable.
